INTRODUCTION

Leaf Arrangements

Almost anywhere you go in the fall, you can collect, sort and arrange leaves. Even in cities along sidewalks or in parks you can find many colorful leaves. Leaves can be sorted by color, shape, size and arranged in an infinite number of ways.

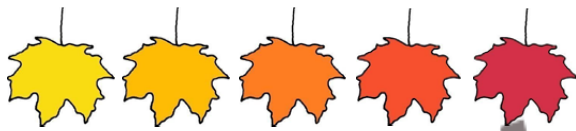

Making designs with materials found in nature is called land art. These 'works of art' are short-lived however- you can't take them with you. Even the most perfectly arranged leaves will sooner or later be swept away by the wind and weather- hopefully you managed to get a picture...

In addition to ideas and inspiration, this material also includes a 4-page leaf catalog for identifying different kinds of leaves.
