HOW TO DO IT

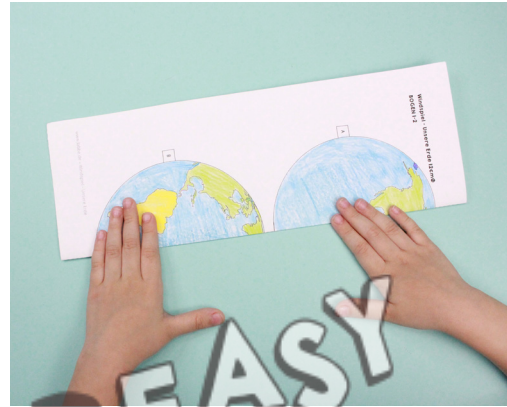

Wind Mobile - Planet Earth

①

Print out the desired-size templates on heavy white printing paper and color them in.

②

Fold the sheet in half along the center line.

③

Carefully cut out the parts.

④

Glue together the areas with tabs marked 'A' and then those with tabs marked 'B'. Stick the hanging thread in along the center line.

⑤

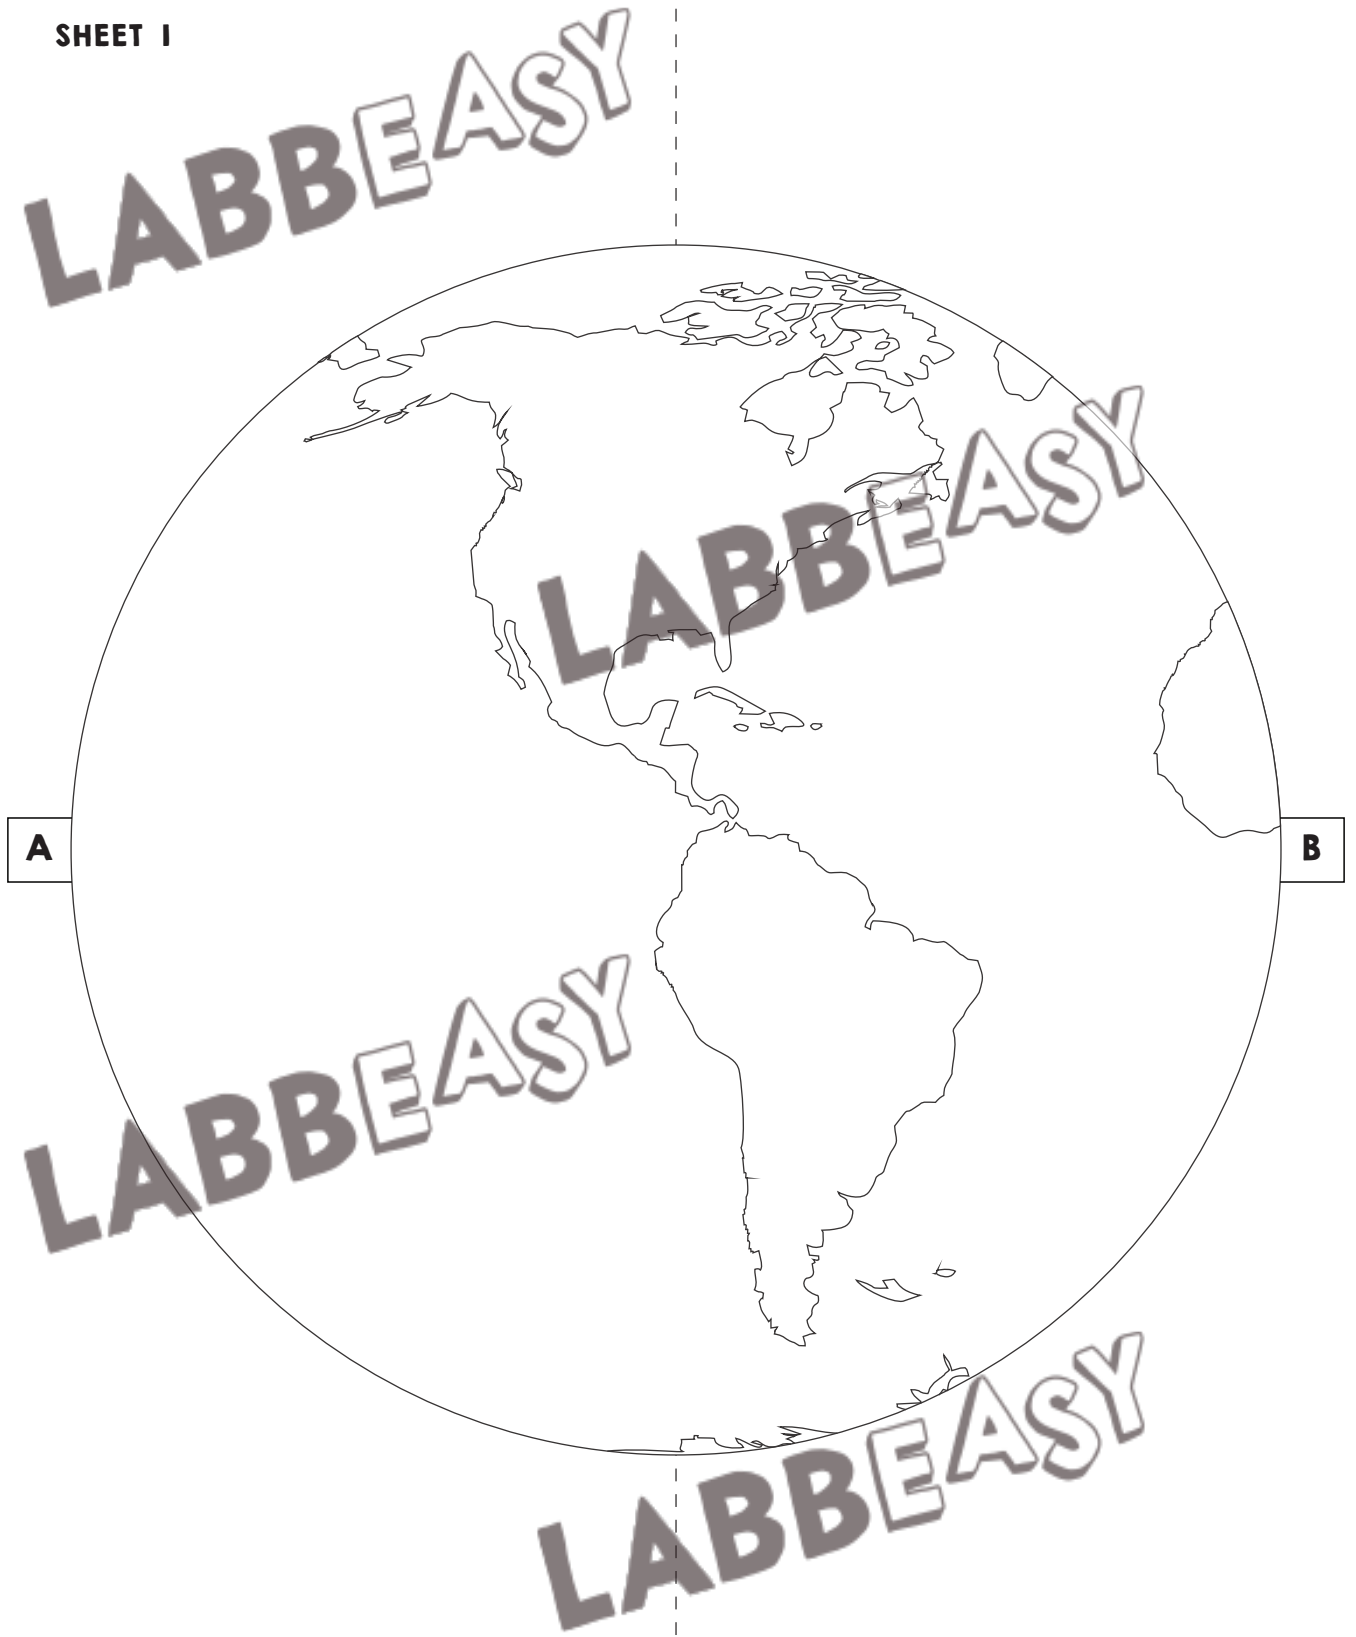

Glue together the areas with tabs marked 'C' and then those with tabs marked 'D'... Cut off the tabs.

⑥

Add some beads as a weight to the lower end of the thread. And that's how the Earth turns... WOW!
