HOW TO MAKE IT

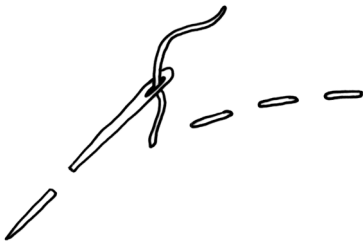

My First Project - Sewing with Felt

MATERIALS NEEDED

- Scissors
- Felt pieces, 8 x 12 in (20 x 30 cm) & felt scraps
- Felt pen
- Pins
- Embroidery thread
- Embroidery/sewing needle
- Buttons

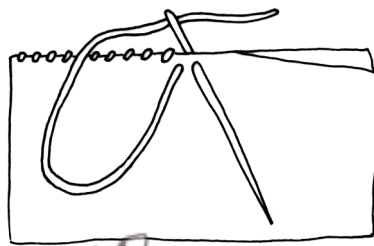

BASIC STITCHES

BASTING STITCH

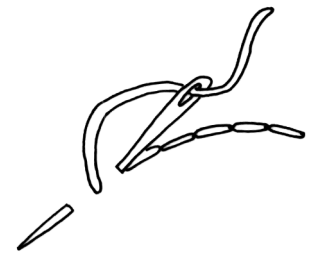

Use the basting stitch to sew two layers of fabric together. To do so, sew in one direction, up - down - up - down. Leave a small space between each stitch.

OVERLOCK STITCH

Use the overlock stitch to sew two edges together or close openings after stuffing an item. Sew from one side to another at small intervals.

BACKSTITCH

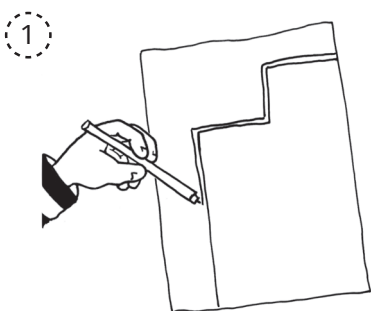

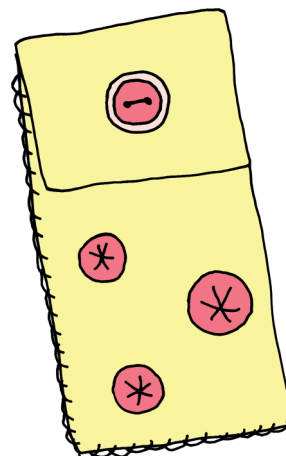

Use the backstitch to sew a continuous line. To do so, stick the needle behind the last stitch and bring it back up from underneath, now in front of the stitch.

HOW TO MAKE IT

Glasses Case

MATERIALS NEEDED

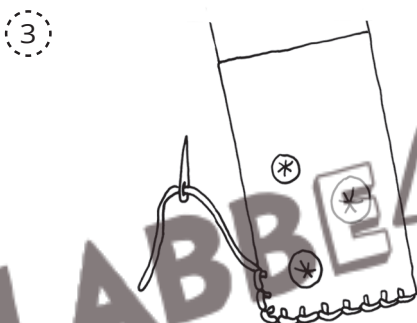

- 1 piece of felt, 8 x 12 in (20 x 30 cm)
- Felt scraps
- A button
- Embroidery thread

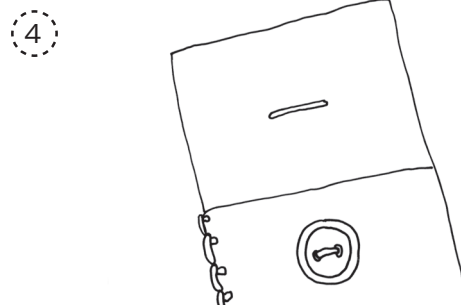

1 Cut out the pattern and place it on the piece of felt. Trace the outline with a felt pen and cut it out along the line you drew.

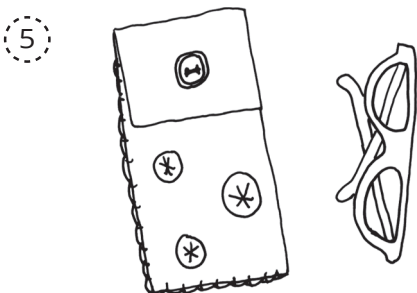

2 Cut out a few small circles of different colored felt and sew them onto the left side of the felt with three stitches for decoration. Knot the ends of the thread on the back.

3 Fold the two sides together so that the embroidered side is facing up. Sew the glasses case together along the bottom and left sides using a buttonhole stitch. Knot the end of the thread.

4 Sew a button to the top front of the case. Determine the position of the button on the top flap and cut a corresponding slit.

5 Your glasses case is finished!
