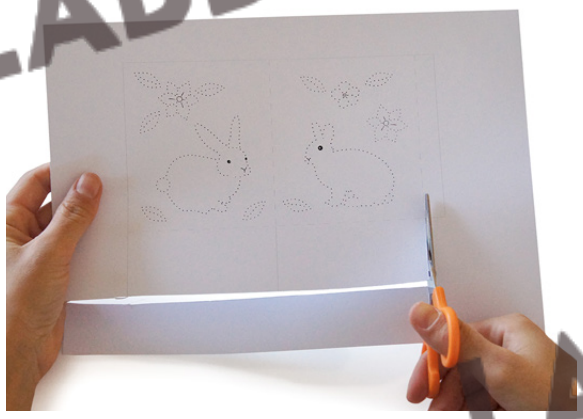
HOW TO DO IT

Easter Bunny Lantern

1



Print the templates out on heavy white printing paper and carefully cut them out. For a four-sided lantern you need to print out two template sheets.

2

Place the templates on a felt or cutting mat and using an awl pierce holes where the dots appear on the design. If you like, you can also color in the design.

3

Score and fold the template along the dotted line.

4

Put glue on the glueing tabs and stick the lantern together.
