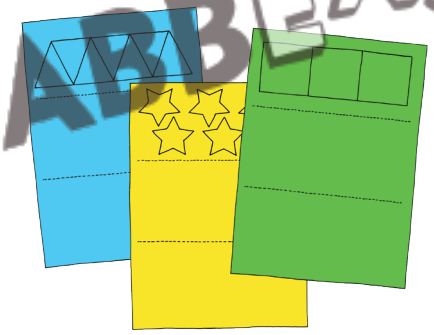
HOW TO MAKE IT

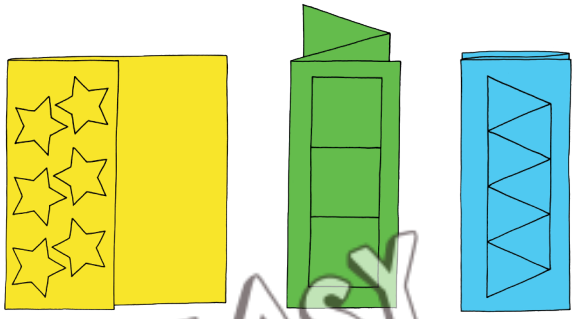
Sewn Garlands

1



Print out your chosen shapes in the sizes you like on colored printing paper.

2

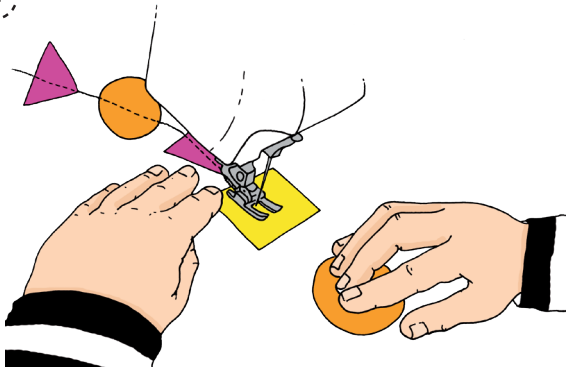


Fold the templates along the dotted lines to make an accordion fold.

3

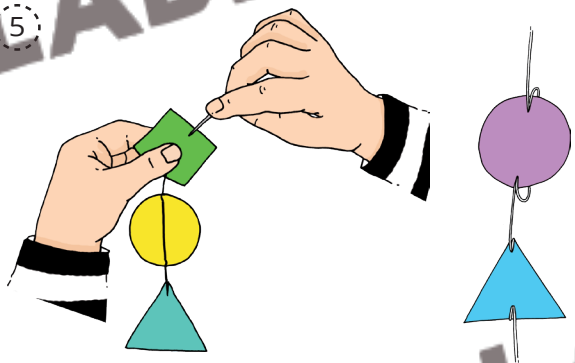
Cut out the individual shapes through all layers.

4



Sew the shapes together in any order with a sewing machine. You should leave about an inch between the shapes. Carefully slide the next shape under the presser foot and continue sewing.

5



If you're sewing by hand, use a buttonhole stitch so the shapes stay in place. To do this, poke a hole through the shape about 1/2 inch from the edge and pull a loop through the hole again. Now bring the string to the opposite side, poke a hole and make another buttonhole stitch. Sew on all the shapes in this way until the garland is the length you want.
