HOW IT'S DONE

Astronauts in Space

1

Print the desired templates on white paper and color them with colored pencils or crayons.

2

Cut out the colored space objects.

3

Cut out a suitable photo of yourself and glue it in the rocket window or in the astronaut helmet. In the double rocket you can glue another photo of someone you would like to take with you on your journey.

4

Glue the colored and cut out pieces on large, blue cardstock... and off you go on your journey through space!
