## HOW TO DO IT

# Sun Catcher

1

Print out the desired templates on heavy printing paper.

2

Fold the sheet of card in half along the middle line.

3

Cut out the motif along the outlines through both layers of card.

4

Fold both motifs in half along the dotted center lines.

5

Cut out the center parts along the inner contour lines.

6

Unfold both motifs.

7

Stick torn or cut tissue paper onto the printed side of one frame until the inner area is covered.

8

Stick the second frame onto the first with the edges aligned and the printed sides on the inside.

9

Cut off the tissue paper that's sticking out from the outer edges and hang the sun catcher in the window.
