HOW TO MAKE IT

Advent Pyramids

1

Print the pyramids on heavy printing paper and cut them out along the solid line.

2

Score all the dotted lines with a nail file. Fold along the dotted lines so you can make out the pyramid shape.

3

Cut a piece of string and glue it in a loop on the inside of the pyramid (the unprinted side).

4

Apply glue to the paper tabs and glue them in place. The string should hang out of the top of the pyramid.

5

Before you close the pyramid, put a little something inside. Finally, slide the 5th section and final tab into place.

6

Now hang all 24 pyramids by the loops. To create your own designs, there is a blank template on page 28.
