## HOW TO DO IT

# Fork-Print Animals

1

Print out the desired template and separate the fork-printing circle from the rest of the sheet, cutting along the dotted line.

2

Paint the eyes, ears, and snout, and then cut them out.

3

Dip a fork into finger or tempera paint and press it down onto the circular printing area so that the paint radiates outwards from the middle.

4

Glue the eyes, ears, and snout onto the printed circle... AWESOME!
