HOW TO DO IT

# Sun Catcher - Hearts

1

Print out the desired templates on heavy printing paper. For each sun catcher you need two templates.

2

Fold both sheets of card in half along the middle lines.

3

Cut out the motifs along the outlines through both layers of card. Next cut out the center parts along the inner contour lines.

4

Glue the cut-out shapes onto tracing paper.

5

Glue transparent bits of paper in the shapes and colors of your choice onto the tracing paper.

6

Turn the shape over and glue the second heart to the back.

7

Cut off the tissue paper that's sticking out from the outer edges.

8

Stick the hearts up in a window so that the sun shines through the tracing paper.... Awesome!!
