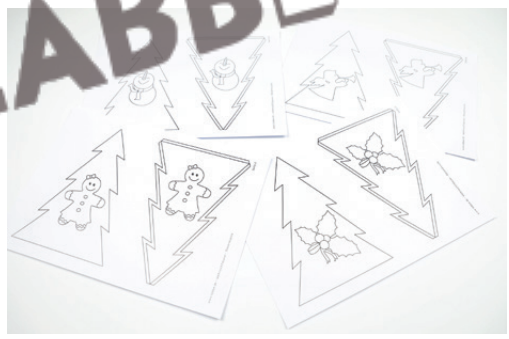
HOW TO DO IT

Christmas Tree - Puzzle

1



Print out the desired number of Christmas trees (e.g. 4, 9, 16 or 25) and page 4, which has the tree trunk and star, on heavy white printing paper.

2

Color in the templates using colored pencils or felt-tip pens.

3

Carefully cut out all of the templates.

4

Sort the individual trees (with the motifs in each tree pointing upward) and arrange them in the pattern of your choice. Starting with the tip of the tree, begin to stick the pieces together.

5

Stick on further trees until your Christmas tree is as big as desired.

6

To finish, stick on the star at the top and the trunk at the bottom.
