DECORATION IDEAS

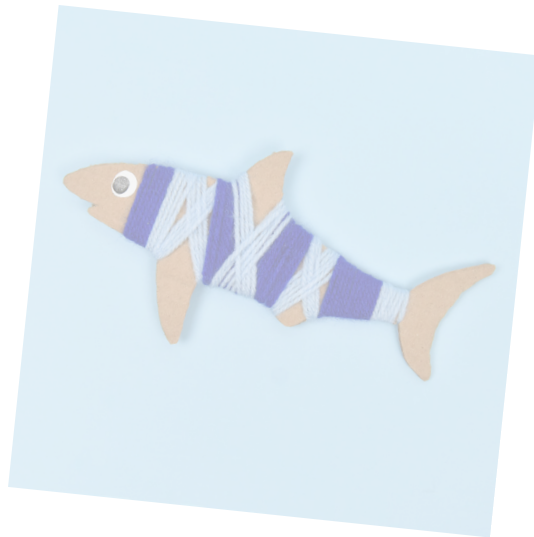

# Wooly Animals

## HOW TO DO IT

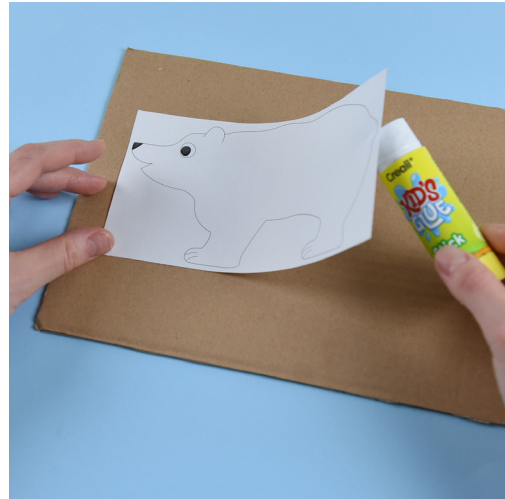

# Woolly Animals

1

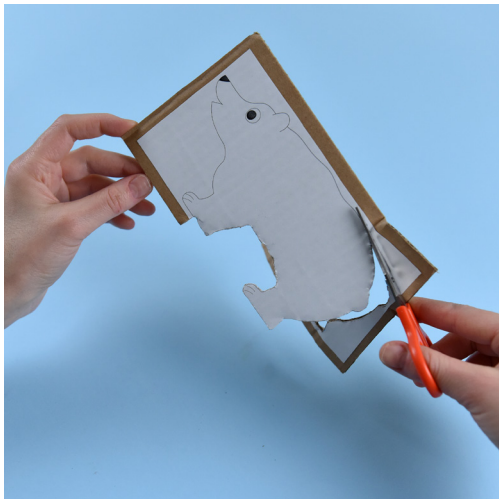

Print out the Bear template on white or colored paper and cut out the rectangular image along the dotted line.

2

Glue the image onto a piece of corrugated card of similar size.

3

Cut the animal template out: On the front side you now have the drawn version and on the back side the silhouette in neutral corrugated cardboard. You can glue the extra eyes on the back.

4

Wind wool or ends of thread around the template... keep on winding until your woolly animal is finished!
